Job App

Job App

The screenshots show a mobile application for managing onsite jobs. The first screenshot shows a list of two jobs: 'Chang fuel tank' and 'Clean pool'. The second screenshot shows the details for the 'Clean pool' job, including a note about cleaning the pool from leaves, a 'Take Photo' button, a 'Save Notes' button, and a time entry field. The third screenshot shows a modal for marking the job as completed, prompting for notes and time spent.
